Hi John -- I enjoyed meeting with you in DC.

We're aware that the governor's office has reached out to you about a meeting later today on Pavillion issues. As I indicated when we met, EPA's been in discussions with the State on these issues. Howard and I would like to have a call later today to fill you in and give you our perspective.

Is there a time we can chat early afternoon or late morning? And a number we can call you at?
